INT. PRINCIPAL'S OFFICE DAY

A PRINCIPAL sits across from students STEVE and PETE.

PRINCIPAL

Okay, I bet you're wondering why you've been called down to the principal's office. Well I'll tell you. We brought in the dogs. The ones that sniff drugs.

STEVE

You brought dogs that are addicted to drugs into the school?

PRINCIPAL

No, the K9 Unit ones. We found some pretty interesting things in your locker!

PETE

Oh god.

PRINCIPAL

Oh god is right Peter. Care to explain why there was a lighter and bong in your locker?

PETE

Uh. It was for a chemistry experiment?

PRINCIPAL

Oh. Well I guess that makes sense. And you Steve! Care to explain why there was a box set of every single Air Bud film ever made in your locker?

He puts a pile of DVDs on the table.

STEVE

Uh-

PETE

Dude why was that in your locker?

STEVE

I'm sorry is that a crime?

PRINCIPAL

Is it a crime? You're kidding me right?

PETE

Why would you need that at school?

STEVE

Why would you need a bong at school? Isn't that very inconvenient? How would you even-

PRINCIPAL

How would you even watch them? Huh?

STEVE

I-

PRINCIPAL

But that's not all we found. Peter, care to explain why there was a half empty bottle of Anthrax in your locker?

PETE

Oh boy. Anthropology experiment?

PRINCIPAL

Okay, that checks out. But you Peter. Care to explain why the DVD for Air Bud: Seventh Inning Fetch was missing from it's case and in it's place was the DVD to Toy Story 3, the worst Toy Story?

He hold up the DVD.

STEVE

Woah, Toy Story 3 is not the worst Toy Story. The order is 3, 1 , 2. No discussion.

PETE

How dare you.

PRINCIPAL

So you admit it? Oh man I hope you like spending your Saturday's in a cold wet concrete room because you're looking at Saturday detention young man.

STEVE

I'm sorry wet?

PETE

Dude, just quit while you're down
you're making it worse.

STEVE

(panicking)

What is going on?

PRINCIPAL

Oh that isn't all! Peter, why was
Mrs. Morison's dog in your locker
with traces of Marijuana and
Anthrax in it's system?

PETE

Uhhh. Immunology experiment?

PRINCIPAL

Okay, that checks out. I'm glad
your such a good STEM student. You
can go.

Pete leaves. Steve starts to get up.

PRINCIPAL

But you. You stay. Why on earth was
there a sticky note on "Spooky
Buddies" that read "Do not watch:
too scary"?

He holds up the DVD.

STEVE

(on the verge of tears)

I-

PRINCIPAL

You better have a good explanation
for this young man.

STEVE

Biology experiment?

PRINCIPAL

Do you think I'm stupid or
something? What kind of science
experiment involves not watching
Spooky Buddies. You are a sick
twisted child. I'll see you this
Saturday. 6 AM. Sharp. Now get out
of my office.

Steve goes to leave.

PRINCIPAL

Oh and Steve. We're keeping all of
the DVDs.

Steve drops to his knees and screams in agony.
